Managing Work Related Road Risk (WRRR)

Octink Commitment

by Mike Freely

Fleet Operation Recognition Scheme (FORS)

Our Commitment to the Work Related Road Risk Standard

Current

- FORS Bronze award passed on the 01/10/2013 (FORS ID : 003105)
- Each van is fitted with a Quartix route planning and vehicle tracking unit.
- Octink Nifty Lift vans (2) that are over 3.5 ton have a current reversing beacon and flashing beacon lights.
- Octink sub-contractors provide : a copy of ,MOT , Insurance certificate and proof of Tax and driving licence which is logged on our cloud based H&S system
- Octink drivers driving licences are submitted and checked every 6 months (as per FORS requirements)
- All road traffic incidents are recorded and investigated in line with our standard accident reporting procedures.

Planned (by June 1st 2014)

- Octink Nifty Lift vans that are over 3.5 ton to have blind spot mirrors installed by end of March 2014.
- Octink Nifty Lift vans that are over 3.5 ton to have external “Gross Vehicle Weight” decals by end of March 2014
- ALL Octink Vans will be issued with “Cyclist Aware” decals installed by end of March 2014
- A requirement for all fleet based sub-contractors to become FORS accredited by June 1st 2014.

thank
you
